

GENERAL

Flag	Saudi Arabia
Class	RINA
Built	2014
LOA	15.80 m
Beam (max)	5.30 m
Depth	2.58 m
Draft	1.23 m
Displacement	33.70 t
GRT	Approx 35T
NRT	Approx 11T
Seating capacity	70 pax salon seats

PERFORMANCE

Max speed	25 Knots
Cruising speed	20 Knots

TANK CAPACITY

Fuel tanks	2000 Liter
Water tanks	400 Liter
Black & gray water	400 Liter

NAVIGATIONAL EQUIPMENT

GPS with chart plotter	1 No.
Radar with Radome antenna	1 No.
Stainless steel mast for nav. lights	1 No.

MACHINERY

Main engine (diesel)	2 X 700 HP D13 Volvo Penta
	<ul style="list-style-type: none"> ▪ Twin disc gearbox with conventional shaft drives ▪ Full in hydraulic steering system giving possibility of easy manoeuvring

ELECTRIC & ELECTRONICS

Heavy duty batteries for engine	4
Heavy duty auxiliary batteries	4
	<ul style="list-style-type: none"> ▪ Battery link facility with remote control at lower helm position ▪ Both battery banks are charged using voltage sensitive relay that parallels both battery banks when charging source is present 80-amp 24-volt battery charger ▪ Remote battery isolator control switches at main switch panel position ▪ 24 V to 12 V converters for certain navigation and radio circuits ▪ Circuit breakers on all circuits ▪ Shore support inlet polarity check system ▪ Generator/shore support changeover controls at main control panel ▪ Earth leakage safety trip

SAFETY EQUIPMENT

- Stationary extinguisher system for the engine room
- Portable 5kg CO2
- Fire extinguishers
- Liferafts (each 10 persons)
